

BLINK

CASTING TIME 1 action	RANGE Self
COMPONENTS V, S	DURATION 1 minute

Roll a d20 at the end of each of your turns for the duration of the spell. On a roll of 11 or higher, you vanish from your current plane of existence and appear in the Ethereal Plane (the spell fails and the casting is wasted if you were already on that plane). At the start of you next turn, and when the spell ends if you are on the Ethereal Plane, you return to an unoccupied space of your choice that you can see within 10 feet of the space you vanished from. If no unoccupied space is available within that range, you appear in the nearest unoccupied space (chosen at random if more than one space is equally near). You can dismiss this spell as an action.

While on the Ethereal Plane, you can see and hear the plane you originated from, which is cast in shades of gray, and you can't see anything more than 60 feet away. You can only affect and be affected by other creatures on the Ethereal Plane. Creature that aren't there can't perceive you or interact with you, unless they have the ability to do so.

3rd level Transmutation

CLAIRVOYANCE [1/2]

CASTING TIME 10 minutes	RANGE 1 mile
COMPONENTS V, S, M	DURATION Concentration, up to 10 minutes

a focus worth at least 100 gp, either a jeweled horn for hearing or a glass eye for scrying

You create an invisible sensor within range in a location familiar to you (a place you have visited or seen before) or in an obvious location that is unfamiliar to you (such as behind a door, around a corner, or in a grove of trees). The sensor remains in place for the duration, and it can't be attacked or otherwise interacted with. When you cast the spell, you choose seeing or hearing. You can use the chosen sense through the sensor as if you were in its space. As your action, you can switch between seeing and hearing. A creature that can see the sensor (such as a creature benefitting from see invisibility or truesight) sees a luminous, intangible orb about the size of your fist.

When you cast the spell, you choose seeing or hearing. You can use the chosen sense through the sensor as if you were in its space. As your action, you can switch between seeing and hearing. a focus worth at least 100 gp, either a jeweled horn for hearing or a glass eye for scrying

fist.

A creature that can see the sensor (such as a creature benefitting from *see invisibility* or *truesight*) sees a luminous, intangible orb about the size of your fist.

Sorcerer

3rd level Divination

COUNTERSPELL

CASTING TIME 1 reaction	RANGE 60 feet
COMPONENTS S	DURATION Instantaneous

You attempt to interrupt a creature in the process of casting a spell. If the creature is casting a spell of 3rd level or lower, its spell fails and has no effect. If it is casting a spell of 4th level or higher, make an ability check using your spellcasting ability. The DC equals 10 + the spell's level. On a success, the creature's spell fails and has no effect.

At Higher Levels: When you cast this spell using a spell slot of 4th level or higher, the interrupted spell has no effect if its level is less than or equal to the level of the spell slot you used.

Sorcerer

3rd level Abjuration

DAYLIGHT

CASTING TIME 1 action	RANGE 60 feet
COMPONENTS V, S	DURATION 1 hour

A 60-foot-radius sphere of light spreads out from a point you choose within range. The sphere is bright light and sheds dim light for an additional 60 feet.

If you choose a point on an object you are holding or one that isn't being worn or carried, the light shines from the object with and moves with it. Completely covering the affected object with an opaque object, such as a bowl or a helm, blocks the light.

If any of this spell's area overlaps with an area of darkness created by a spell of or lower, the spell that created the darkness is dispelled.

Sorcerer

3rd level Evocation

DISPEL MAGIC

CASTING TIME 1 action	RANGE 120 feet
COMPONENTS V, S	DURATION Instantaneous

Choose any creature, object, or magical effect within range. Any spell of 3rd level or lower on the target ends. For each spell of or higher on the target, make an ability check using your spellcasting ability. The DC equals 10 + the spell's level. On a successful check, the spell ends.

At Higher Levels: When you cast this spell using a spell slot of 4th level or higher, you automatically end the effects of a spell on the target if the spell's level is equal to or less than the level of the spell slot you used.

Sorcerer

3rd level Abjuration

FEAR

CASTING TIME 1 action	RANGE Self (30-foot cone)
COMPONENTS V, S, M	DURATION Concentration, up to 1 minute

a white feather or the heart of a hen

You project a phantasmal image of a creature's worst fears. Each creature in a 30-foot cone must succeed on a Wisdom saving throw or drop whatever it is holding and become frightened for the duration.

While frightened by this spell, a creature must take the Dash action and move away from you by the safest available route on each of its turns, unless there is nowhere to move. If the creature ends its turn in a location where it doesn't have line of sight to you, the creature can make a Wisdom saving throw. On a successful save, the spell ends for that creature.

Sorcerer

3rd level Illusion

FIREBALL

CASTING TIME 1 action	RANGE 150 feet
COMPONENTS V, S, M	DURATION Instantaneous

a tiny ball of bat guano and sulfur

A bright streak flashes from your pointing finger to a point you choose within range then blossoms with a low roar into an explosion of flame. Each creature in a 20-foot radius must make a Dexterity saving throw. A target takes 8d6 fire damage on a failed save, or half as much damage on a successful one.

The fire spreads around corners. It ignites flammable objects in the area that aren't being worn or carried.

At Higher Levels: When you cast this spell using a spell slot of 4th level or higher, the damage increases by 1d6 for each slot level above 3rd.

Sorcerer

3rd level Evocation

FLY

CASTING TIME 1 action	RANGE Touch
COMPONENTS V, S, M	DURATION Concentration, up to 10 minutes

a wing feather from any bird

You touch a willing creature. The target gains a flying speed of 60 feet for the duration. When the spell ends, the target falls if it is still aloft, unless it can stop the fall.

At Higher Levels: When you cast this spell using a spell slot of 4th level or higher, you can target one additional creature for each slot level above 3rd.
